Christopher Zveare, despite his unwillingness to disclose in Court, is employed by the US State Department. To remove all doubt, he has been nominated for a promotion. I will refer to PN2370 , <https://www.congress.gov/nomination/115th-congress/2370>. Curiously enough the Committee on Foreign Relations has to approve the nomination. A hearing is pending, a very public hearing.

Previously, under the protection of Judge Thomas D. Horne, whom I like to call Judge the Horne, Zveare got away with submitting bogus documents. Now the arena moves to the US Senate with a real hearing open to the public.

With this said, these bogus documents may just see the light of day. Zveare may learn that you cannot suppress the truth forever.
